About Us

The Finest in Tree Care Tools and Supplies

Artistic Arborist, Inc. of Phoenix Arizona has a unique store located at 4519 North 7th Ave offering a complete line of tools and supplies for professional tree care and landscape plants.

Our Mission

We provide quality plant care products for arborists, horticulturists, homeowners, maintenance people, landscape designers, growers, contractors, consultants and other green industry professionals. We know what we sell because we use it every day.

Our Catalog

Our goal is to provide the customer with the most technologically advanced and quality engineered products available. Use this catalog as a guide to learn more about the unique products we sell and how they could benefit your tree care operations. We have the largest store in the region that offers items such as climbing saddles, ropes, along with hard-to-find fertilizers, pruning tools, diagnostic equipment and books that show you how to use these things.

HARNESSES

SEQUOIA

Tree care seat harness for doubled-rope ascent techniques

The SEQUOIA is a tree care seat harness for doubled-rope ascent techniques. The extra-wide, semi-rigid waistbelt and leg loops provide comfort for the arborist. The waistbelt is equipped with a FAST automatic buckle for quick and simple opening and closing, without loss of adjustment, even while wearing gloves. The leg loops have FAST LT PLUS automatic buckles. The gated attachment points allow the user to easily connect a ZILLON or MICROFLIP lanyard, or to install several attachment bridges and accessories directly on the bridge. The harness also facilitates the carrying and organizing of work tools, with multiple equipment loops and retainers for attaching CARITOOL tool holders.

Price: \$ 449.95

Order #: C069AA00 Size 0

C069AA01 Size 1

C069AA02 Size 2

SEQUOIA SRT

Tree care seat harness for single-rope ascent techniques

SEQUOIA SRT is a tree care seat harness for ascents on a single rope. It has a ventral attachment point that allows a ZIGZAG or ZIGZAG PLUS mechanical Prusik to be installed with CHICANE and KNEE ASCENT accessories. The extra-wide, semi-rigid waistbelt and leg loops provide comfort for the arborist. It is equipped with DOUBLEBACK PLUS self-locking buckles on the waistbelt and FAST LT PLUS automatic buckles on the leg loops. The gated attachment points allow the user to easily connect a ZILLON or MICROFLIP lanyard, or to install several attachment bridges and accessories directly on the bridge. The harness also facilitates the carrying and organizing of work tools, with multiple equipment loops and retainers for attaching CARITOOL tool holders.

HARNESSES

NEWTON FAST international version

NEWTON FAST is a lightweight, ergonomic fall-arrest harness that can be quickly donned. It is equipped with padded shoulder straps and FAST LT PLUS automatic buckles on the leg loops, allowing the harness to be donned with both feet on the ground, without loss of adjustment. It allows immediate access to tools, thanks to its equipment loops and slots for the TOOLBAG pouch. Its textile sternal attachment point, and its metal and textile dorsal attachment points, provide great versatility. It offers ergonomic stowage of MGO connectors and has fall indicators. It is certified to North American, European and Russian standards.

Available March 2021

Price: \$ 149.95

TOP CROLL® L

Chest harness for seat harness, with integrated CROLL L ventral rope clamp

The TOP CROLL L integrates a CROLL L ventral rope clamp to transform the ASTRO SIT FAST, AVAO SIT, AVAO SIT FAST, FALCON, FALCON ASCENT and SEQUOIA SRT seat harnesses into rope access harnesses. The foam shoulder straps are widely spaced to reduce neck chafing. When the waistbelt is loaded, they help distribute the load over the shoulders.

Price: \$169.95 Order # C081CA00

Large fits 8 to 13 mm rope

Order # C081BA00 Small fits 8 to 11 mm rope
(Special Order)**Seat for SEQUOIA and SEQUOIA SRT harnesses**

Wide seat for a comfortable working position during suspension. It has an adjustable width to reduce bulk and facilitate movement within the tree. It connects to the two gated points on the SEQUOIA and SEQUOIA SRT arborist seat harnesses, using the two shackles

Special Order

Price: \$129.95

HELMETS

VERTEX® and VERTEX® HI-VIZ

The VERTEX helmet is very comfortable, thanks to its six-point textile suspension and CENTERFIT and FLIP&FIT systems, which guarantee that the helmet fits securely on the head. The adjustable-strength chinstrap makes it ideal for both work at height and on the ground. The unventilated outer shell protects against electrical hazards, molten metal splash and flames. With its potential for integration of a Petzl headlamp, hearing protection, and multiple accessories, it is an entirely modular helmet, thus meeting the specific additional needs of professionals.

Price: \$109.95

CONNECTORS

SPIRIT TOOL CLIP

The SPIRIT quickdraw carabiner is the standard for sport climbing. The H-shape reduces the weight of the SPIRIT carabiner (39 g) in order to maximize weight reduction on long sport routes. The straight gate version, equipped with the Keylock system and a special nose shape, facilitates lipping and unclipping the anchor. The bent gate version is equipped with STRING webbing protection to hold the carabiner in position and to facilitate clipping the rope.

Price: \$9.95

Order #: M53 S (straight gate)

Order #: M53 B (bent gate)

OK

The lightweight OK carabiner is made of aluminum. It has an oval shape that allows optimal loading of devices with a wide section, such as pulleys, rope clamps and mobile fall arresters. Its fluid interior design and Keylock system facilitate handling. It is available in automatic TRIACT-LOCK system.

Price: \$19.95

Order #: M33ATL

Am'D

The Am'D lightweight asymmetric carabiner is made of aluminum. It has a D shape particularly suited for connection to diverse equipment such as descenders or positioning lanyards. Its fluid interior design and Keylock system facilitate handling. The Am'D carabiner is available in automatic BALL-LOCK system.

Price: \$20.95

Order #: M34A BL (Ball Lock)

CONNECTORS

WILLIAM

The lightweight WILLIAM large-capacity asymmetric carabiner is made of aluminum. It has a pear shape that is practical for easily connecting multiple items. Its fluid interior design and Keylock system facilitate handling. The WILLIAM carabiner is available in the automatic TRIACT-LOCK system.

Price: \$21.95

Order #: M36A TL (Triact-Lock)

Sm'D

Ultra-light asymmetric carabiner

The compact Sm'D asymmetrical aluminum carabiner is recommended for workers at height looking to reduce weight to a minimum. D shape makes it especially suitable for attaching devices. It is available in two locking systems (automatic TRIACT-LOCK system or manual SCREW-LOCK system), or without a locking system

Price: \$19.95 Order #: M39ATL

Bm'D

Lightweight asymmetrical high-strength carabiner

The Bm'D lightweight asymmetrical carabiner is made of aluminum. It has a D shape particularly suited for connection to diverse equipment such as descenders or positioning lanyards. Its fluid interior design and Keylock system facilitate handling. The Bm'D carabiner has the TRIACT-LOCK automatic locking system. The sleeve is reinforced for greater front and lateral gate strength. Bm'D may be used with a CAPTIV positioning bar to favor loading of the carabiner along the major axis, to limit the risk of it flipping and to keep it integrated with the device.

Price: \$24.95 Order #: M032AA00

CONNECTORS

VULCAN

High-strength asymmetrical carabiner with large capacity

VULCAN is a high-strength steel carabiner designed for use in difficult environments. The large-capacity asymmetrical shape is ideal for setting multiple anchors. The VULCAN carabiner is available in two locking systems: automatic TRIACT-LOCK system or manual SCREW-LOCK system. VULCAN TRIACT-LOCK is available in European or international versions. VULCAN can be connected to the CAPTIV bar to favor positioning of the carabiner along the major axis, to limit the risk of it flipping and to keep it integrated with the device

Price: \$44.95 Order #: M073CA00

DELTA

When closed with a wrench, this steel quick link becomes a semi-permanent anchor ring.

Price: \$10.95 Order #: P11 8B (8 mm diameter with gate)

Price: \$ 9.95 Order #: P15 B

DESCENDERS

ZIGZAG® PLUS

Mechanical Prusik with high-efficiency swivel, for tree care

The ZIGZAG PLUS mechanical Prusik allows the user to move around efficiently in a tree using classic Prusik pulley system technique. The friction chain provides precision and fluidity when moving around. The pulley is mounted on sealed ball bearings to allow the slack to be taken up easily. Can be used on either doubled ropes or a single rope, providing great versatility. The lower attachment hole with high-efficiency swivel ensures stable and correct positioning of the mechanical Prusik and optimal rope glide through the device

Price: \$ 309.95

Order #: D022BA00

ZIGZAG®

Mechanical Prusik for tree care

The ZIGZAG mechanical Prusik allows the user to move around efficiently in a tree using classic Prusik pulley system technique. The friction chain provides precision and fluidity when moving around. The pulley is mounted on sealed ball bearings to allow the slack to be taken up easily. Can be used on either doubled ropes or a single rope, providing great versatility. The lower attachment hole is fixed to ensure alignment of the device with the axis of the worker and to optimize grip.

Price: \$ 279.95

CHICANE

DESCENDERS

Price: \$ 149.95 Order #: D022CA00

Auxiliary brake for mechanical Prusik on single ropes, for tree care

The CHICANE auxiliary braking device allows ZIGZAG and ZIGZAG PLUS mechanical Prusiks to be used on single ropes. It provides continuous additional friction on descents. The excellent compatibility of the CHICANE and mechanical Prusik as an assembled unit ensures smooth rope glide through the brake during ascents. The ergonomic handle provides excellent grip and facilitates movement while limb walking. Thanks to the openable side plate, installation is quick and easy.

ROPE CLAMPS/ASCENDERS

ASCENSION

Handled rope clamp for rope ascents The ASCENSION handled ascender is designed for rope ascents and features an over molded grip and ergonomic upper part for a comfortable and powerful grip when pulling with one or two hands. The ASCENSION handled rope clamp has a wide lower hole for easily attaching two carabiners for a lanyard and footloop.

Price: \$89.95 Order #: B17ALA (Left Hand)

Price: \$89.95 Order #: B17ARA (Right Hand)

- Rope clamps are primarily used for progression on ropes and for creating haul systems.
- They are commonly used on Primary or Secondary tie-ins and Wire or Non-wire Fliplines.

PANTIN ®

The PANTIN foot ascender is used with the CROLL, ASCENSION or ASCENTREE rope clamps to make rope ascents faster and less tiring. It is available in right- and left-foot versions.

Right Foot

Price: \$79.95

Catch for PANTIN

ROPE CLAMPS/ASCENDERS

ASCENTREE

Double handled rope clamp for tree care. Handled rope clamp designed for doubled rope ascents, the ASCENTREE has ergonomic handles allowing a comfortable and powerful grip when pulling. Catch/cam unit is totally integrated to prevent any involuntary snagging.

Price: \$219.95

Order #: B19AAA

KNEE ASCENT LOOP

The adjustable FOOTAPE foot loop is used with an ASCENSION or BASIC rope clamp for rope ascents. A height adjustable elastic keeps the foot in the loop, regardless of shoe type.

Price: \$174.95

Order #: D022DA00

CROLL®

Chest rope clamp

Designed for rope ascents, the CROLL ventral rope clamp is simple to use, thanks to its pinch opening system, which is totally integrated in the clamp to avoid any involuntary snagging. The attachment holes ensure efficient positioning during ascents. It is available in two versions to adapt to different rope diameters.

Price: \$74.95

Order #: B016AA00 Large 8-13 mm

ROPE CLAMPS/ASCENDERS

RESCUCENDER

Openable cam-loaded rope clamp Simple to use and ergonomic, the RESCUCENDER is an openable cam-loaded rope clamp designed for use in haul systems as a tractor or progress capture device.

Price: \$99.95

Order #: B50A

PULLEYS

ROLLCLIP A

Pulley-carabiner that facilitates installation of the rope when pulley is connected to the anchor

ROLLCLIP A is a pulley-carabiner with a gate opening on the pulley side that facilitates installation of the rope when the pulley is fixed to the anchor. It is available with an automatic TRIACT-LOCK locking system, or without a locking system. ROLLCLIP A may be used with a CAPTIV positioning bar to favor loading of the carabiner along the major axis, to limit the risk of it flipping and to keep it integrated with the device.

Price: \$ 49.95

Order #: P74 TL (triact-locking)

Price: \$ 39.95

Order #: P74 (non-locking)

MOBILE

Compact and extremely lightweight, the MOBILE pulley is designed for a variety of uses.

Price: \$24.95

Order #: P03A

SPIN L1

Openable even when attached to the anchor, the SPIN L1D pulley is designed to be used in conjunction with a descender for maximum simplicity in setting up a deviation for a heavy load. The faceted sheave only rotates in one direction, providing excellent efficiency when hauling and adding friction zones for the rope for additional braking when lowering. The swivel facilitates handling, allowing the pulley to be oriented under load, and direct connection of carabiners, ropes or slings.

Price: \$94.95

Order #: P001BA00

PULLEYS

MINDER

MINDER is a high-strength pulley designed for rescue professionals to set up progress capture systems.

Special Order

Price: \$69.95

Order #: P60A

ANCHORS

MICRO SWIVEL

The compact, openable MICRO SWIVEL is designed for attachment to a locking carabiner. It helps prevent twisting of lanyards and allows correct positioning of devices. Its design without bearings allows it to turn freely when not loaded and to stop moving when loaded in order to maintain the devices in position.

Price: \$ 59.95

Order: P58 XS0

SWIVEL OPEN

The SWIVEL OPEN gated swivel features a wide opening and thus can be attached to a range of products (pulleys, lanyards...). It reduces the bulk and weight of component systems and solves the twisting and tangling problems of ropes and lanyards. Sealed ball bearings offer excellent performance and reliability.

Price: \$89.95

Order #: P58 S0

FLOW 11.6 mm

Flexible and lightweight low stretch kernmantel rope, for tree care

The FLOW 11.6 mm low stretch kernmantel rope is designed for tree care. The small diameter ensures very good performance in terms of flexibility and weight. It has low stretch when loaded, increasing efficiency when moving through the tree. The EverFlex technology guarantees great flexibility and handling over time. It comes with a splice at one end for optimal rope glide through devices like a friction saver or pulley, and through tree branches. The small size of the splice allows it to pass through the friction chain of the ZIGZAG and ZIGZAG PLUS mechanical Prusiks. Rope available in two colors and three lengths.
